

Answers to questions asked during 'Ask our Experts' YouTube Live Show on DigiLocker on October 18, 2024

Question 1: What should I do if there is a name mismatch between my Aadhaar and my degree certificates?

Example:

Aadhaar Name: Given Name + Father's Name + Surname/Family Name

Degree Certificate Name: Surname/Family Name + Given Name + Father's Name

Answer: As you may be aware, DigiLocker requires matching your name to ensure that only the rightful owner can access their documents. For a document to be fetched from DigiLocker, the name on the document must match the name on your Aadhaar. In case of a name mismatch, you will not be able to pull your document from DigiLocker.

Question 2: If I have an account with one mobile number linked to Aadhaar and my Driving Licence is linked to another number, can I retrieve my Driving Licence in my current DigiLocker account?

Answer: Yes, you can log in to your DigiLocker account linked with Aadhaar on the DigiLocker website (www.digilocker.gov.in). Use the 'Search Document' option on the left, select 'Ministry of Road Transport and Highways,' click on 'Driving Licence Verification Record,' and enter your licence number to retrieve it.

Question 3: When will the Academic Bank of Credits (ABC) ID be functional in all government institutes?

Answer: The Ministry of Education (MoE) aims to complete the implementation of ABC across all government institutes soon. The process is underway to ensure seamless access for students nationwide.

Question 4: Why do I see the message "school students should contact their respective schools" when trying to create my APAAR ID?

Answer: Students under the age of 16 cannot create their APAAR ID directly through the DigiLocker app or website. If you are eligible and still face issues, please reach out to your school for assistance in creating your APAAR ID.

Question 5: What should I do if my 12th Mark Sheet has not been uploaded on DigiLocker by my college?

Answer: Only the authorized board or university can upload data on DigiLocker. If your 12th Mark Sheet is missing, please contact your board and request them to make the data available on DigiLocker.

Question 6: Why aren't my state's educational documents like 10th & 12th Mark Sheets or degree certificates, available on DigiLocker?

Answer: Digital records are available on DigiLocker only if the institution has uploaded its records to the National Academic Depository (NAD). If your documents are missing, please contact your university or board and request them to provide their digital records on NAD for access via DigiLocker.

Question 7: Can we trust that our data and privacy are safe on the DigiLocker digital cloud? Is there legal protection against hacking?

Answer: DigiLocker is designed with robust security measures to ensure data and privacy protection. Key practices include:

Standard Security Practices: Adherence to coding standards, internal security reviews, and regular penetration testing.

2048-Bit SSL Encryption: Ensures secure data transmission.

Multi-Factor Authentication: Includes OTP, biometric, and PIN validation for sign-up and sign-in.

ISO 27001 Certified Hosting: Data is stored in secure, certified facilities.

Data Redundancy: Backups with multi-zone redundancy for data protection.

Timed Log Out: Automatic session termination after inactivity.

Security Audits: Conducted regularly by CERT-IN empanelled agencies and third parties.

User Consent: Data is shared only with explicit user consent, and all access is logged.

These measures ensure that DigiLocker is safe and legally compliant, offering strong data protection for its users.

Question 8: Hello, I graduated from RTU Kota in 2011 and completed my 10th and 12th from the Rajasthan Board. How can I get my digital documents from the issuer on DigiLocker?

Answer: Digital records are available on DigiLocker only if the issuing institution has uploaded its records to the National Academic Depository (NAD). To access your documents digitally, please contact the Rajasthan Board and RTU Kota, requesting them to provide their records on NAD.

Question 9: After uploading my class results data at Sangam University, I noticed that the generated grade sheets are not organized in any sequence by enrolment number or ABC ID. What should I do?

Answer: Please raise a ticket at <https://support.digilocker.gov.in/> and provide the following details:

A scanned copy of the mark sheet/certificate or your full name as it appears on the document

Education board name

Year of passing/session/month

Roll number/registration number/seat number

Serial number on the document

Total marks

Your registered mobile number

A screenshot of the error

Providing these details will help the support team address and resolve the issue.

Question 10: I received a discrepancy error during the upload of results in DigiLocker due to a name mismatch between my Aadhaar and the name submitted. How can I resolve this issue?

Answer: DigiLocker requires matching of name to ensure that only the rightful owner can access their documents. The name on your document must match the name on your Aadhaar. To resolve this discrepancy, you will need to update either your Aadhaar or the name on the document to ensure they match. Once corrected, you should be able to access your document from DigiLocker.

Question 11: Is it mandatory to upload documents on DigiLocker, or can we upload data on ABC and have it automatically visible on DigiLocker? This question pertains to student records, such as degree certificates.

Answer: No, it is not mandatory to upload documents directly on DigiLocker. Data uploaded on the Academic Bank of Credits (ABC) will be visible on DigiLocker if it is seeded with the ABC or APAAR ID. This ensures that students can access their records seamlessly through DigiLocker.
